LinkedIn: [poushali-patra15](https://www.linkedin.com/in/poushali-patra15)

Motivated and detail-oriented second-year Computer Science undergraduate with a strong academic record and practical experience in data analytics, machine learning, and web development. Proficient in C/C++, and Java, with hands-on exposure to real-world problem-solving through academic and personal projects. Passionate about applying analytical thinking and technical skills to innovative solutions. Actively seeking internship opportunities to gain industry experience and contribute to impactful projects.

EDUCATION:

BTech in Computer Science – May 2023 – May 2027	CGPA 9.77
Kalinga Institute of Industrial Technology (KIIT University)	
Class 12 – March 2023	98%
Hill Top School, Jamshedpur	
Class 10 – March 2021	98.8%
Hill Top School, Jamshedpur	

PROFESSIONAL SKILLS:

- **Programming:** Java, C/C++
 - **Tools & Technologies:** GIT
 - **Machine Learning:** Regression, Classification, Clustering, Supervised Learning
 - **Databases:** SQL (MySQL, Postgres)
 - **OS:** Unix, Linux
 - **Web Development:** HTML, css
-

INTERNSHIPS & CERTIFICATIONS:

- **Tata Forage Internship** – Data Visualization: Empowering Business with Insights – Nov 2024
 - **AWS Academy Cloud Foundation** – Feb 2025
 - **Infosys Springboard** – NLP for Developers (Jan 2025), Design Thinking, Pragati Cohort Program
 - **GeekCoders** – Databricks Certified Data Engineer – Oct 2024
 - **Udemy – Advanced SQL:** MySQL for Ecommerce Data Analysis
 - **Finalist** – Energy Hackathon 2025 (Tryst, IIT Delhi)
-

PROJECTS:

- **Sentiment Analysis of Social Media Data**
 - Built a real-time sentiment analysis tool using Python and TextBlob.
 - Processed and classified Twitter data and visualized trends using Matplotlib.
 -
-

EXTRACURRICULAR ACTIVITIES:

- **Data Science Club, KIIT University**
 - Organized workshops, hackathons, and team-based analytics projects.
- **Volunteer Tutor**
 - Guided juniors in programming and ML fundamentals, including Python and Java.
